Heathfield High School
Special Interest Volleyball

All applicants will be assessed by Heathfield High School SIV staff and coaches. Testing will involve students being asked to perform in 3 distinct areas.

- **Physical Testing**: Including power, strength and aerobic capacity
- **Hand Eye Coordination**: Ball Skills – not volleyball related
- **Coachability**: The ability to follow coaches instructions
  - The ability to think for themselves
  - The ability to work in a team situation

The process will also involve the coaches’ general assessment of players during the trials so we would assume the students will be showing their absolute best in the short time of the trials. Players are to arrive changed and ready to do physical activity and to have fun.
