

From Bombora to Portugal,

Regan Fathers and Simon Gray are representing Australia in the **U19 World Championships** in beach volleyball to be held in Portugal in August this year. Despite being in the same year level the pair has never played together in State or National competitions before, in fact the only competition they have played together was the senior division of the Heathfield High Bombora night held in March earlier this year.

The pair leave on the 5th July and will travel to Copenhagen to play a couple of senior tour rounds, then to Cyprus to train with other Australian teams that are in the U21 World Championships (ex HHS student Malachi Murch is in one of the U21 teams). They will then play in the U19 World Championships as the number 1 ranked Australian team. The second ranked teams from each country will have to fight their way into the main draw through qualifying rounds.

A fantastic and rare opportunity for a couple of very talented Volleyball players and we wish them the best of luck in this amazing adventure.
